Rate lock agreement important information.

Rate lock agreement important information.

1. How rate lock works.

If you elect to lock our current fixed interest rate for your chosen fixed interest rate period, for as long as the rate lock continues to be effective:

- If our prevailing fixed interest increases before the settlement date (for new loans) or fix start date (for existing loans commencing a new fixed interest rate period), your fixed interest rate will not change and will remain at the locked rate; and
- If our prevailing fixed interest rate decreases before the settlement date or fix start date (as relevant), your fixed interest rate will also decrease.

2. Rate lock fee.

A rate lock fee of \$500 is payable by direct debit if you send us your rate lock request and we accept this. You must provide your direct debit account details with the rate lock request. If the direct debit account details are not provided in the direct debit request attached or the direct debit payment is dishonoured, the rate lock will not be effective, unless, at our discretion, we choose to honour the rate lock request in which case you authorise us to debit the rate lock fee to your loan account and you agree to pay it upon our demand.

3. Rate lock duration.

Your rate lock commences on the day we process your rate lock request. Your rate lock request will be processed by us:

- On the business day we receive it provided it is received before 4pm (AEST) on that day; or
- On the next business day if we receive it after 4pm (AEST) or on a day that is not a business day.

In this clause 3, "business day" means a weekday except a national public holiday or a public holiday in Victoria.

The locked rate you receive will be our prevailing fixed interest rate applicable to your chosen fixed interest rate period on the day your rate lock request is processed by us. Your rate lock expires 90 days after the commencement of the rate lock or earlier if you make changes to your loan and clauses 5-6 below applies. The rate lock cannot be extended under any circumstances.

4. Rate lock not effective after expiry.

If the settlement date (for new loans) or fix start date (for existing loans commencing a new fixed interest rate period) occurs after the expiry of the rate lock, and our prevailing fixed interest rate changes before the settlement date or fix start date (as relevant), your fixed interest rate will also change because the rate will no longer be effective.

5. Rate lock revised if you make certain changes to your loan.

If you make any of the following changes to your loan:

- Your stated loan purpose is incorrect;
- You change your repayments from interest only to principal and interest, or vice versa;
- You lock in a rate that is offered with the Member Package, but choose to cancel the Member Package;
- You lock in a rate that is offered without a Member Package, but choose to purchase a Member Package; or
- Your loan-to-value ratio changes in such a way that a different fixed rate pricing tier applies,

we will revise your rate lock based on the changed loan details. The fixed interest rates available for your selected fixed interest rate period at the time your rate lock was originally processed will apply to the revised rate lock, and the revised rate lock will still expire 90 days from the time your Rate Lock was originally processed.

6. Rate lock expires if you change your fixed interest rate period.

Your rate lock will expire early upon you making a change to your fixed interest rate period. The rate lock fee will not be refunded if this occurs.
